Verse 1

God from God, light from light
We believe in one Jesus Christ
Breaking through the darkest nights to save
You alone can save

Verse 2

Hope of hope, strength of strength
All our sin is dead in the grave
Only One has power enough to save
You alone can save
You alone can save

Chorus

Where there is no way You make a way
Where no one else can reach us
You find us
Where there is no way You make a way
Where no one else can reach us
You find us
